

Hytera can send “Radio Alias” to other Hytera Radios

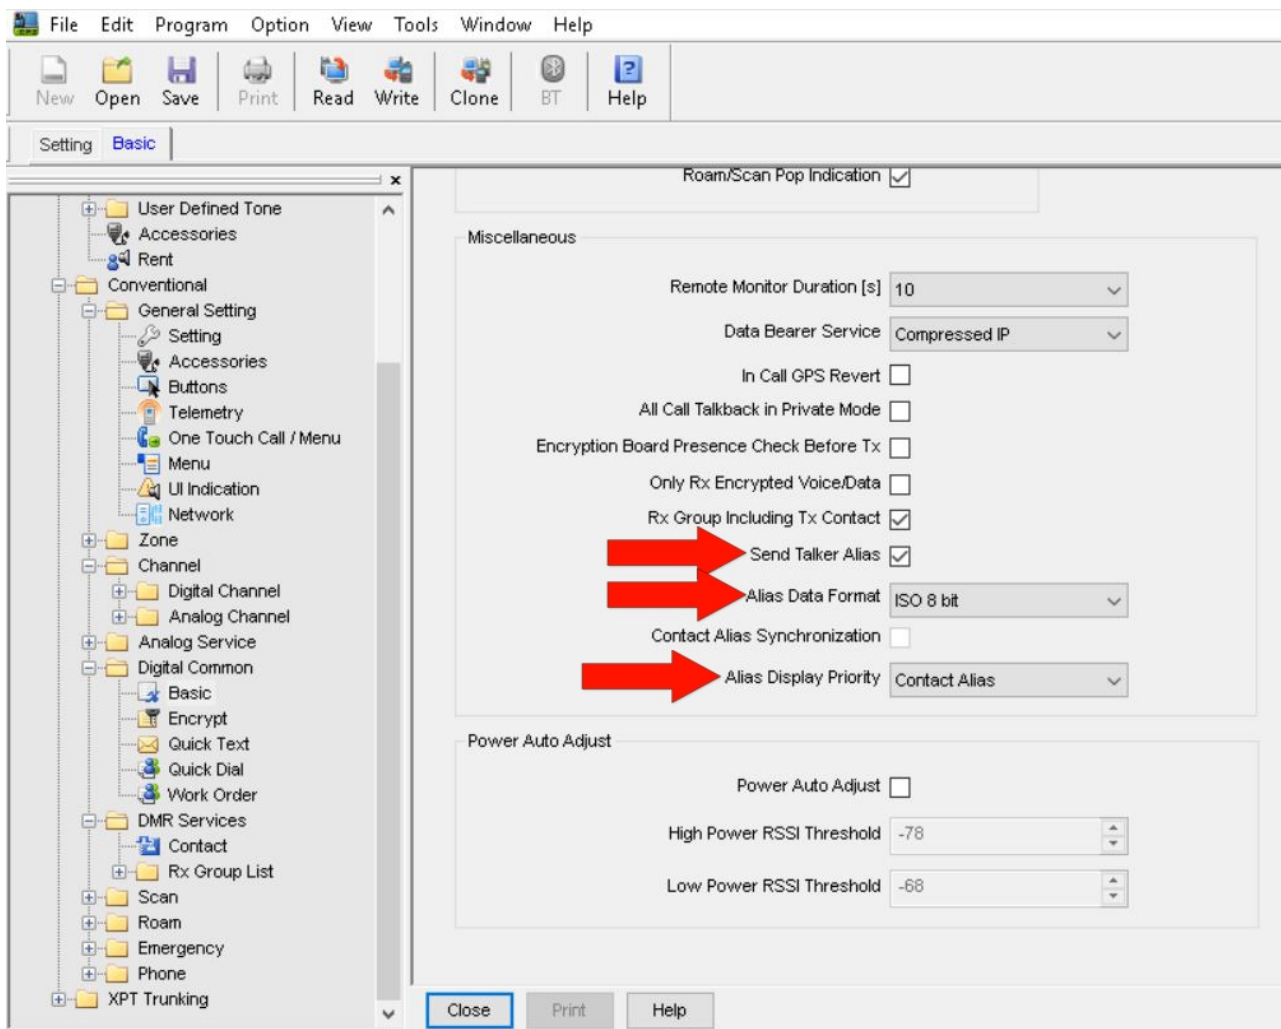

This will send your Alias to all other Hytera Radios with the updated Firmware. Your Alias will be displayed even if your not added to their Contact List.

1st You will need Hytera V8 Firmware and CPS
(Am not going to cover Firmware updates in this document)

2nd Under - Common – Settings add your Radio Alias

3rd Under - Conventional – Digital Common – Basic
Tick – Send Talker Alias
Alias Date Format – Set to 8 bit
Alias Display Priority – Set to Contact Alias

Thank to Ken KC2IDB who pointed this out to me.
